Panel Catalogue

CRJ 700 / 900

ORDER NO	JOB CARD-ID	A/C TYPE	TITLE	PAGE	A/C REG
	00-0-0-100	CR7	Access Panel Figures CRJ 700/900	2 von 80	
NOTIFICATION	MS-ITEM GR.06.CLH.0001			ISSUED BY U214254	REVISION

General:

The "Panel Catalogue" contains illustrations to locate all panels of the Aircraft. The illustrations are sorted by figure numbers. These are used as references between the "Panel Open / Close List" and the "Panel Catalogue".

The individual "Panel Open / Close List" is automatic generated and related to its maintenance event to give information about:

- Panels to be opened and closed,
- Figure numbers to locate the panels in the "Panel Catalogue",
- A description of the panels,
- Reference to the AMM Procedure to open / remove the panel (if given),
- Reference to the "Job Instruction Cards" (JICs) which require the panels to be opened,
- Man hour information to open and close the panels.

Also the "Panel Open / Close List" is a document used for documentation of each panel to be opened, FOD inspection performed, and closed.

Note 1 Effectivity:

The "Panel Catalogue" contains different illustrations with different aircraft effectivity having the same figure number. In this case, select the illustration with the appropriate effectivity.

Note 2 Summary Numbers:

Cabin Panels, such as Floor-, Ceiling-, Sidewall- and Dado- Panel are possibly given as summary numbers in the Panel List. These summary numbers are found in yellow or green boxes adjacent to the effected panels in the catalogue. The summary numbers have the following logic:

First 2 Numbers give the zone:

26FP = Zone **260**

The Letters give the kind of Panel:

FP = Floor Panel,

CP = Ceiling Panel,

L / R = Left / Right

D = Dado Panel,

S = Sidewall Panel.

Note 3 Enclosures:

There are virtual Panel Numbers for complete enclosures such as Galley, Lavatory and Stowage.

(G = Galley, L = Lavatory & Left, W = Wardrobe, R = Right & Rear, F = Forward)

Example:

galley1	232GFF (Galley Forward Forward)
galley2	232GFR (Galley Forward Rear)
lavatory FWD	242LF (Lavatory Forward)
lavatory Rear	272LR (Lavatory Rear)

Note 4 Priority information:

Priority information is given in the Panel List by color highlighted rows and reflect the requirement to open panels in the sequenz that follows:

red	= High	= open first
orange	= Medium	= open after red
yellow	= Low	= open after orange
no color	= No Priority	= open after yellow
